FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Insurance, Financial Institutions, and Professional Registration (DIFP)** state insurers would be required to submit amendments to their policies to comply with the legislation. Policy amendments must be submitted to the department for review along with a \$50 filing fee. The number of insurance companies writing these policies in Missouri fluctuates each year. One-time additional revenues to the Insurance Dedicated Fund are estimated to be up to \$5,000.

Additional staff and expenses are not being requested with this single proposal, but if multiple proposals pass during the legislative session which require policy form reviews, the DIFP will need to request additional staff to handle the increase in workload.

Officials from the **Office of Attorney General** assume any potential costs arising from this proposal can be absorbed with existing resources.

Officials from the **Office of Prosecution Services (OPS)** state the proposal would have no measurable fiscal impact on the OPS.

Officials from the **Office of State Courts Administrator**, the **Department of Mental Health**, and the **Office of State Public Defender** each assume the proposal would not fiscally impact their respective agencies.
